## BABY'S HANDS TIED.

Mother Tells How Saxo Salve Conquered Eczema.

"Last fall we noticed small rough and red spots coming on baby's hands. The skin was very dry and she kept scratching them until they would bleed. We lost a good deal of sleep with her. Finally we took her to the doctor and he treated her several weeks, but it kept spreading until we had to keep her little hands tied and dress and bandage them several times a day they were so sore, and we used everything we could hear of for eczema. Finally our druggist told us about Saxo Salve. We tried it and one and a half tubes has entirely cured her. Her little hands are smooth and not even scarred. Mrs. Mort Stephenson, Lebanon, Ind."

You cannot do better than to try Saxo Salve for eczema, or any skin affection—we cheerfully give back your money if it does not help you.

## More Caution Needed.

An exchange tells the story of a little boy whose mother decided that he was old enough to do without her sitting by him when he was put to bed until he fell asleep. So when one night she kissed the five-year-old and told him he was a big boy and brave enough to go to sleep without his mamma and in the dark, too, he pondered the situation a moment and then said: "Well, wait a minute. I've got to say my prayers again careful—Suburban Life."

## Self-Knowledge.

Buffer me to recommend to you one of the most useful lessons of life, the knowledge and study of yourself. There you run the greatest hazard of being deceived. ## "The Greatest Kidney Remedy on Earth" Says a Grateful Woman

I want to tell you how much good your Swains-Root did me. About four years ago, I suffered from what the doctors called flutula and for two years of that time I endured what no tongue can tell. I also had inflammation of the bladder and I tried doctor's medicines without receiving any help. Someone told me about Dr. Kilmer's Swamp-Root.

After giving it a thorough trial, I received relief, so I kept on using it and today I am a strong and well woman. I feel better and out of sorts. I take Swamp-Root and it always straightens me out. I honestly believe that this medicine would cure all troubles you recommend it for and it is a pleasure to me to send my testimony and photograph to you. I think Dr. Kilmer's Swamp-Root is one of the greatest medicines on earth.

Respectfully yours,

# ELECTRICAL GOODS

Are now on display at the Idle Hour Picture show and I will sell them at a reasonable price. These Irons, Toasters and such like use very little current, not more than a 16 candle power light and they save a great deal of time and worry. When you have one or two garments to iron, or wish to have toast and eggs for lunch, these electrical appliances save building afire in the stove and do away with the extreme heat of a cooking stove which is almost unbearable in hot weather. Any one who is interested may have the electric irons demonstrated in their home.

## 22 RIFLES

The Little Rifles—Big in Quality

YOU are going to buy a .22 calibre rifle, single shot or repeater—you'll find that many well known crack shots started with a Remington-UMC .22. Their advice now would be "By all means, get a Remington-UMC" because they know that there is a tendency in some quarters to look upon these models as only "a small boy's rifle" and to cheapen them so that they can be sold at a price.

You have just as much right to expect full shooting value in your .22 calibre rifle as in your \$75 big game rifle.

You want the Remington-UMC single shot at from \$3 to \$6, 22, 25-10 or 32 calibre, made by the same people who make the famous Remington-UMC Autoloading Rifles.

Or, if you prefer the repeating rifle, the Remington-UMC slide action .22 repeater with its easy take-down and special safety features, shooting .24 short, .22 long or .22 long rifle cartridges, at \$10 and up, in your gun. Sold by live dealers of this community—the most popular small calibre rifles in America.
